## MAKE AN IMPACT, SAVE THE BEES

Chef Richard Sandoval is proud to present Viva Abejas (long live bees). Our food system heavily depends on bees. One in every three bites of food depends on bees for pollination.

Richard Sandoval restaurants around the globe will feature bee-centric food & drink specials from March 26 - April 22, 2024, and donating a portion of the proceeds to the World Bee Project. [worldbeeproject.org](http://worldbeeproject.org)
